

## Insect screens - fresh air, all to yourself

**Just like any other insect screen, a Prowler Proof insect screen is designed to keep small intruders out.**

That's where the similarities end. Like all other Prowler Proof products, our insect screens are welded with robotic perfection. You'll enjoy the extra strength and the great look of the seamless corners every day. The insect gauze is high quality, long lasting fibreglass with small openings and great visibility. Sure to keep out small intruders for years to come.

Thanks to Prowler Proof's automated 7-stage powder coating process, our insect screens are available in 50 standard colours...with more than 250 further options if your favourite colour is not within our standard range.

### QUICK REFERENCE

- Welded – no screws or rivets
- Maximum transparency
- Heavy duty aluminium frame
- High quality fibreglass gauze
- Seamless corners
- More than 300 colours
- Corrosion resistant
- Low maintenance
- 10 year replacement warranty
